## DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATION

SEMESTER : 3
Year : 2019 Div : B

### Student Reviews - Institute

The infrastructure is very poor. there isnt proper supply for water. the pc are very old and few we have to do our java practical in a noisy environment with 3 students on one pc. the lifts are not working properly. the recess time should be increase to 1 hour.

---

Poor infrastructure. poor supply of water sometimes there is no water available for drinking as well as in the washrooms which can be dangerous to the health of the student . no acs in the lab. not sufficient pcs . lifts are no working etc etc.....

---

Please improve rest room and water facilities in institute

---

Not the greatest but i am happy with institute

---

Meh

---

Modaret

---

Moderate

---

Faculty change must be considered, as some teachers are below par in their teaching ability, and often are not sympathetic with student problems as submissions and assignment overload affects us deeply/

other issues include water filter not providing clean or drinkable water, ventilation in college often very poor, e.t.c. lesser assignment/submissions and more extra-curricular activities should be considered.

---

None

---

Faculties can be improved

water purifier need to be be installed

Good

Fans were not working properly.

many there is no water in washroom.

Very good

Excellent
