Student Reviews - Institute

Have a good campus.

Need to improve the accounts office ,

Needs improvement at accounts office

The college building is very good but in some areas such as labs and corridors, the tiles are coming out from the wall, and i request you to please clean the toilets because they are very smelly. overall the college infrastructure is very good

Fans in the classroom should be changed as soon as possible. it causes suffocation sometimes.

Very good,the washroom can be made more clean

Fans are not working properly and feeling suffocation in class.

Proper fans must be present in some classes and clean toilets

Must install ac, maintain proper timetable for events, repair lifts, light issues

I have face promblems in accounts work as they were not that helpfull. in class room feels suffocation as fans are not properly working and also the doors are kept closed by teachers so ,it distracts a lot.

Cleanliness is to be maintain through the institute.

College must install ac, and no extra lectures should be taken by any faculty

Dirty and unclean washrooms. very rude and irresponsible office staffs

Its a good institute till now . practical labs have required materials and thats sufficient .

Need cleanliness, classrooms are sometimes too dirty, website needs to be more regularly updated with latest information

Good looks after students future

Washrooms cleanliness not up to the mark.

classroom cleanliness required soon.

Classroom should be coloured
