Student Reviews

Sir mast hai. kind,helpful,enthusiastic,majjani life. padhate bhi acha hai and students ko better samajhte hai than other senior teachers.

Sir should not teach on the bench as all people do not get to see what is he teaching on that small graph because of which i didnt understood the graphs how to do them bode plot and root locus .

sir is always helpful and always want to us to think and the appraches towards any sum or q is different and helps us to think differently.

Need to be a little speed

No

Sir is awesome but he should provide question bank

Portin is incomplete , not able to understand his teaching
