11	17	1	1	0	2	21	89.52%
12	18	2	1	0	0	21	96.19%

Overall Average :81.43%

Student Reviews

The teacher should explain the subject in a more innovative and understandable manner. focus should be more on the concept and lesser on scoring marks.

Thinks highly of themselves

Good teaching

She teaches theory part very well but she doesnt teaches numericals that well

Teacher should explain still well in the correct proportion

The explanation of concepts needs to improve

Good conduct towards teaching

Very good teacher and her explanation is good
